1. ONI has reviewed the subject comments and notes, of course, that there are numerous divergencies of fact and interpretation between the [REDACTED] estimate and the [REDACTED] comments. It is understood that these discrepancies will be gone into by detail by all USIB agencies. Since none of the problems arise in areas which are of primary Navy concern, it is not considered necessary for ONI to comment on the [REDACTED] submission. If there is to be a meeting to discuss the [REDACTED] comments, a representative of ONI will attend.
